SUMMARY

Enthusiastic and detail-oriented Python Full Stack Developer with hands-on experience in building web applications using Python, Django, and modern frontend technologies like React.js. Skilled in developing responsive user interfaces using HTML, CSS, JavaScript, and Tailwind CSS, writing clean backend logic, and managing databases. Passionate about delivering scalable software solutions and continuously learning new technologies.

EDUCATION

A.G.M Higher Secondary School SSLC (10th) - 2020 Percentage: 67%	2020
A.G.M Higher Secondary School HSC (12th) - 2022 Percentage: 67.5%	2022
Nehru Institute of Engineering and Technology, Coimbatore B.Tech - Information Technology CGPA: 7.9 / 10	2022 - 2026

TECHNICAL SKILLS

PYTHON	REACT.JS	DJANGO	Operating System
JAVASCRIPT	HTML5 / CSS3	RESTFUL APIs	Linux
TAILWIND CSS	MYSQL	GIT / GITHUB	Excel
SQL	AXIOS	VS CODE	

PROJECTS

Online Job Portal Platform

Tech Stack: React.js, Tailwind CSS, Python, Django, MySQL, Django REST Framework

- Developed a full-stack job portal for job seekers and recruiters.
- Implemented user authentication, job posting, job search, and job application features.
- Built RESTful APIs using Django REST Framework and integrated MySQL database.
- Developed dashboards for managing jobs and applications.

Supermarket Billing System

Tech Stack: React.js, Python, Django, MySQL

- Developed a fully functional Billing System application tailored for supermarket product and invoice management.
- Designed a responsive frontend user interface using React.js and CSS for seamless billing operations.
- Implemented secure backend API endpoints using Django to handle product inventory, pricing, and calculations.
- Integrated database operations to dynamically add, update, and fetch product and transaction records.

PROFESSIONAL RESPONSIBILITIES

- Handling and resolving IT support tickets through the Helpdesk system.
- Maintaining and updating call logs with accurate incident details.
- Coordinating with vendors for issue resolution, service requests, and follow-ups.
- Providing Level 1 troubleshooting for network, security, and site-related IT issues.
- Diagnosing and resolving basic hardware, software, network, and connectivity issues.
- Preparing, updating, and maintaining operational and service-related reports.
- Maintaining accurate records and documentation for incidents, requests, and support activities.

CERTIFICATIONS

- Python Full Stack Development Course — QTree Technologies
- Python Programming Certification — Coursera

INTERNSHIP

AXN INFO TECH Technical Support Intern	January 2026 – March 2026
